George Ruiz

Greater NYC Area | 516-426-7118 | ruiz.fullstack@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

Full-Stack Web Developer with an interest to assist an already flourishing project or a new business-venture. I Enjoy brainstorming ideas and creating some eccentric projects with my skills. I'm also not afraid to tackle some coding puzzles and whiteboard regardless of the complexity. It's always exciting to be stumped and learn something new.

EXPERIENCE

Front-end Web Developer
Contract, Gesture ([yourgesture.com](#)), 06/2020 - present
- Assisted in a successful MVP launch by listening to user feedback and debugging code/features.
- Implement user facing features with React and Google Firebase like Gesture's My Account pages and side navigation through competitor research, wireframes, and JavaScript code review.
- Volunteering on the Gestures React animation project to aid another team in need and assist with tasks.
- Converted 2000+ line Sass file into individual style components to provide clean workflow and navigation.

Web Developer
Freelance, 11/2019 - present
- Create static/e-commerce websites for clients and provide clean code using JavaScript, jQuery, Squarespace, and all other client preferred tools.
- Present the work in detail so the client may have an understanding of their sites codebase as well as provide tutorials on how to edit a design/feature in the future.

Case Manager
Lincoln Financial Group - 06/2018 - 12/2018
- Conducted investigations to determine claim liability and regularly maintained the lowest pipeline of claims on the team through an organized plan of action.
- Provided customers with excellent customer service, including troubleshooting issues.

EDUCATION

Flatiron School - Grad. 11/2019
Full Stack Software Engineering Bootcamp - JavaScript, React, Ruby, Rails, SQLite
